| Approval Expiry Date | 17 June 2027 |

| | |
|----------------------|---------------------|
| Calibration Reports | EDNS04000126990/002 |
| Configuration Report | EDNS04000030591/004 |
| Certificate Number | EDNS04000131977/003 |

Restrictions: Any changes to the facility configuration, test procedures or data acquisition and reduction software/hardware may invalidate this certificate.

Comments (optional): None

Any alteration to the cell structure, its intake and exhaust configurations, or the position of the engine on test relative to these items automatically invalidates this certificate. No ancillary items of equipment to be left within the cell during performance testing, other than those permitted by the Test Cell Configuration Report or GA.
